**2025**

# General Information

Institution Name	Georgian Institute of Public Affairs (GIPA)
Mission	GIPA bases its MISSION on raising new leaders who are equipped with modern knowledge and steadfastly loyal to democratic values. In order to achieve these goals, GIPA creates and transfers new knowledge and relevant experience to students in order to enable their active participation in continuing to build democracy, promulgate liberal values and promote freedom for all in Georgia. As a university with a solid presence on the Georgian education market, GIPA is committed to further strengthen its lead position by turning out graduates in possession of high-level academic and professional knowledge while producing and sharing research of international significance, each of which endows the university with the ability to make even greater contributions to the reinforcement of the ideas of democracy and freedom in Georgia.
